HARMAN

DESIGNING CONNECTED EXPERIENCES

At HARMAN, we combine passion and purpose to develop smart products and software solutions that connect and entertain people wherever they are. Leveraging contemporary design and integrated technology, we are at the forefront of industry innovation while staying true to our core value: Delivering unmatched innovation, sound quality and a premium listening experience no matter where our consumers like to enjoy their music and content; at home, on the go and on the road.

With the brand new lifestyle audio line-up from our brands JBL, AKG and Harman Kardon, we have developed a unique combination of technologies to deliver features and benefits not found anywhere else on the market today. Combining smart wireless features, best-in-class design, ease of use and legendary sound, we are connecting people to music, experiences, each other, and the world around them.

harman / kardon[®]
by HARMAN

Harman Kardon is synonymous with robust sound and sophisticated design for the discerning music lover. By creating rich, high-quality listening experiences, Harman Kardon has established itself as a leading premium consumer home audio and entertainment brand. Innovative design paired with cutting-edge technology allows listeners to immerse themselves in a captivating and stunning audio experience.
